# Reading Review

01

What is the difference between `let` and `let*`?

---

02

Trace the execution of the following code, step by step.

```
(let ([total (+ 8 3 5 2 7)])  
  (let ([mean (/ total 5)])  
    (* mean mean)))
```

# Questions about local bindings?

---

# Lab Notes

Remember our discussion about pair programming last week.

- We talked about how our behavior and words during pair programming can impact our classmates
- We are intentionally practicing our navigator and driver roles

---

# Upcoming & Reminders

---

- Look at Coding Challenge 4
- Prepare for Quiz 3
