

CSC-151 Spring 2026

Monday March 30

Today's Agenda

1. Announcements
2. Reading Review
3. Lab
4. Wrap-up

Announcements

Coding Challenges

Coding Challenge 6 was due yesterday
get it in if you haven't already!

Coding Challenge 7 is out today

Policy reminder:

- You are only allowed to submit 2 redos PER WEEK.
- All redos are due Friday May 8.
- That is 6 weeks from now
- Conclusion: You cannot leave all your redos to the end of the semester

This policy is for my and grader sanity. 😊

Computer science events

CS Table tomorrow:

- Web bloat

CS Poster Sessions next week:

- Wednesday and Thursday after classes

Quiz 7 Wednesday

- Numeric Recursion
- Higher order procedures

Fill out survey on Gradescope for redo

Mentor Session Tomorrow evening

Reading Review

01 Write code that makes an association list called `weather-count` which stores a weather event (such as “rain”) as keys and associates it to a number.

02 What does each of the following return (for *your* association list)?

```
(assoc-key? “thunder” weather-count)
```

```
(assoc-ref “rain” weather-count)
```

```
(assoc-set “snow” 1 weather-count)
```

Lab Notes

This is a fun one – be creative!

Upcoming & Reminders

- Quiz on Wednesday
- Work on Coding Challenge 7
