# Mentor Sessions

**Notes:**

- It is rude to show up to a mentor session and just take a practice quiz and leave.
- It is also rude to show up and not pay attention, or to distract others around you.
- Mentors give a lot of effort to prepare for sessions. They are invested in helping you succeed in this class. Treat them (and their time) with respect. Mentor sessions are not mandatory – don't attend if you can't follow these basic guidelines.
